Dear MR JATIN THAPA,

Subject: Recognition of Accomplishment in the AI-Fashion Project

Period: 2024.07.29~2024.10.29

I am pleased to acknowledge and celebrate your outstanding contributions as a participant in the AI-Fashion Project. Your commitment and creativity have greatly enriched the project, demonstrating the potential of AI-driven approaches in the fashion industry.

During your participation, you showed an impressive ability to blend technical skills with creative thinking. Through your work on designing AI-based fashion concepts, developing algorithms for trend prediction, you provided valuable insights and introduced innovative ideas that enhanced the project outcomes. Your approach to using YoloV8 as machine learning models as well as data analysis were instrumental in achieving unique fashion concepts, refining AI models.

Your active engagement, teamwork, and problem-solving skills were evident in every phase of the project. Your efforts helped us push the boundaries of fashion technology and paved the way for further exploration in this interdisciplinary field. The AI-Fashion Project benefitted immensely from your dedication, and your contributions have set an excellent example for future participants.

Please accept this letter as a token of our appreciation for your hard work, innovation, and enthusiasm. We are incredibly proud of what you have accomplished and look forward to seeing your continued success in both academic and professional arenas.

Congratulations, and thank you for your exceptional contributions to the AI-Fashion Project.

Sincerely,

Wei-Her Hsieh, PhD

Professor & Chair, Department of Fashion Design and Management

Director, AI- Fashion Laboratory
